Sara,
Did you have a chance to assign an ONE ID yet?
Thanks
Brett

Subject: ONE ID request

Sara, I am currently writing a mitigation plan for U-2579B in Forsyth County. There is only one site so only one ONEID will be needed.

Site name-U-2579B Onsite
Any aliases-NA
TIP(s)-U-2579B
Is the project considered onsite?-yes
County -Forsyth
Division-9
River basin name ('new' names as shown in current spatial file on the G drive)-Upper Pee Dee
8-digit HUC-03040101
Status-Planning
Construction date-Project Lets 10/21/2014
Acquisition type (does DOT hold a CE, deed, is it in ROW, etc. include deed book and page if possible)-R/W, Fee Simple
Mitigation components (stream, wetland, buffer, T/E)-Stream
Is monitoring required? If so, what type? Level 1 monitoring proposed for 5 years, photo monitoring of channels, and vegetative monitoring currently proposed
T&E species-no

Documents (digital format):
Permit (pdf)-Permit application has not been submitted

BO (pdf)-NA

Mitigation or Management Plan from an official document such as a permit application (pdf)-Working on mitigation plan now

Site Boundary (shapefile)-working on currently

Boundary source file (CAD, shapefile, etc.)-will be able to provide CAD file

Any plats, deeds, or conservation easements (pdf)-NA

Any other important documents that you think we or regulators may want to see (pdf)NA

Thanks

Brett
